Application Requirements

1. Applications for Summer Scholarships will be accepted from academic staff, either individually or as members of a team of researchers and should be focused on Equine Research.

2. Project Title

Please provide a succinct title that indicates the nature of the research project. This will be made available to scholarship applicants.

3. Project Description

This should provide a brief explanation of the research project. Indicate the major goals and activities of the research, and the anticipated outputs.

4. Other Funding

Please indicate how you will be contributing towards this Scholarship. If you want to increase the scholarship above the \$5,000 please supply an account number and amount you would like to contribute.

Please note that the \$5,000 is a student payment – this money is not for consumables for the project.

5. You should clearly indicate the tasks that the Summer Scholarship holder will undertake in the weeks of the scholarship (please be realistic given the skills of the student). You should also indicate how the scholarship will help achieve research goals/outputs. What will be the benefit to the scholarship holder?

6. These are due to The New Zealand Equine Trust c/o Massey University, Private Bag 11-222 Palmerston North or emailed to A.Kurmen@massey.ac.nz by 15 September Annually.

7. Preference will be given to projects currently funded by The New Zealand Equine Trust.
